Quality Innovative Window Furnishing Solutions

Create luxurious spaces with warmth & character

Provence Timber Shutters are crafted from high quality Basswood (Tilia), a natural timber sourced from sustainable premium grade plantations found in slow growing, colder, high alpine regions.

[BASSWOOD TIMBER]
**Sourced from
Sustainable Plantations**

[HIGH QUALITY CRAFTSMANSHIP]
**Built with Care
& Passion**

Premium Timber Shutters

Provence Timber Shutters bring luxurious warmth and character to interiors, complimenting both traditional and contemporary designs, available in 13 paint colours and 7 attractive stains.

Not only will Provence Timber Shutters put you in control to adjust the amount of light filtering into a room, they also offer effective insulation during summer and winter.

Custom made to your specifications, Provence Shutters are designed to fit your home or office windows perfectly.

Engineered with our Mortise and Tenon Joint, this ensures the strength and integrity of our shutters, backed by our commitment to producing durable, quality shutters built to the highest standard.
