5 Year Warranty

Features and Benefits:

- Made from extruded polymer material, resistant to fading, cracking, and warping.
- Wide range of on trend colours. Finishes include smooth, textured and printed.
- Slat width of 50mm and 63mm in selected colours.
- Modern 90mm pelmet available in all colours, 63mm Harbour bridge style pelmet available in a selection of colours only.
- Mould and mildew resistant.
- Quality components with a five year warranty

Testing:

- Colour and Stability: Over 120 hours, 340 hours, and 800 hours to measure changes in colour and stability under extreme UV radiation and temperature variations. Score of 5 on the Standard Grey Scale Rating (5 = highest grade possible) with no visible changes.
- Bowing and Warping: In a full open and horizontal position with increments under high temperatures to determine the amount of bowing and warping. No distortion up to 65°C, maximum of 1.5mm change from 66°C to 71°C.
- Fungal Resistance: Tested at 70°C during low humidity of 30% and high humidity of 80% with no growth detected.

¹Available in 50mm and 63mm slat.
*Indication of colour only, refer to swatch.
